CONTROLLED DISCLOSURE

When downloaded for the ECSA Document Management System, this document is uncontrolled and the responsibility rest with the user to ensure that it is in line with the authorized version on the website. If the "original" stamp in red does not appear on each page, this document is uncontrolled.

Document No.: E-20-PT	Revision No.: 35	Effective Date: 18/06/2025	 ECSA <small>ENGINEERING COUNCIL OF SOUTH AFRICA</small>
Subject: Qualifications Accredited as Meeting the Educational Requirement for Registration as a Candidate and Professional Engineering Technologist			
Compiled by: Manager	Approving Approved by: Executive SS	Next Review Date: After the next approval meeting	Page 3 of 22

1. ABBREVIATION TABLE

Qualification	Abbreviation
Bachelor of Technology	BTech
Bachelor of Engineering Technology	BEng Tech
Bachelor of Engineering Technology Honours	BEng Tech (Hons)
Advanced Diploma	Adv Dip
Post Graduate Diploma in Engineering Technology	PGDip Eng Tech

2. PURPOSE

The purpose of this document is to provide surety to graduates who are part of cohorts within the valid timeframes as clearly recorded for each of the BTech, BEng Tech and Adv Dip programmes listed for the different Higher Education Institutions (HEIs), that they have satisfied the **educational requirement** toward registration as Candidate Engineering Technologist or Professional Engineering Technologist with the Engineering Council of South Africa.

3. NOTES

- i. Accreditation means the formal ECSA recognition awarded to an Engineering Programme offered by a registered HEI through a rigorous cyclical quality assurance procedure that ensures it meets the criteria laid down for the type of programme.
- ii. Accreditation criteria are statements of requirements that must be satisfied by a programme to receive accreditation.
- iii. ECSA conducts four (4) types of Accreditations through a rigorous peer-review and policy-directed process:
 - **REGULAR ACCREDITATION:** An accreditation and institutional visit in alignment with the planned/normal 5-year accreditation cycle for an accredited engineering programme.
 - **PROVISIONAL ACCREDITATION:** an accreditation and institutional visit for a new engineering programme at the midpoint of its implementation after the first cohort of students in the programme has completed 50% of the credits towards the completion of the programme. ECSA recognizes graduates between the year of provisional accreditation and the decision of the first regular accreditation visit.
 - **INTERIM ACCREDITATION:** Accreditation at a time within the regular 5-year accreditation cycle as required by the ECSA Education Committee due to the outcomes of a previous accreditation visit.
 - **FINAL ACCREDITATION:** Accreditation of a programme that was given notification of termination of accreditation by the Education Committee after the previous interim accreditation.

CONTROLLED DISCLOSURE

When downloaded for the ECSA Document Management System, this document is uncontrolled and the responsibility rest with the user to ensure that it is in line with the authorized version on the website. If the "original" stamp in red does not appear on each page, this document is uncontrolled.

Document No.: E-20-PT	Revision No.: 35	Effective Date: 18/06/2025	
Subject: Qualifications Accredited as Meeting the Educational Requirement for Registration as a Candidate and Professional Engineering Technologist			
Compiled by: Manager	Approving Approved by: Executive SS	Next Review Date: After the next approval meeting	Page 4 of 22

- iv. Validity dates for accreditation apply to the year in which the student completes the programme, that is, the last year in which the student is registered with the HEI, after which graduation follows. Where a programme is being phased out or is discontinued the accreditation period is extended by no more than 24 months to allow for a teach-out phase for students in the programme.
- v. In the case of the Afrikaans language universities, the university's name and degree designation are stated in Afrikaans with the English equivalent in square brackets. The abbreviation is not translated.
- vi. The accredited BTech, BEng Tech and Adv Dip programmes fulfil only the educational requirement as the first step towards registration as Candidate Engineering Technologist and Professional Engineering Technologist: further experiential requirements exist.
- vii. **Sydney Accord Recognition:** Engineering programmes listed below have been accredited by ECSA and are recognized as meeting the initial academic requirements for Professional Engineering Technologist in South Africa. International recognition of these programmes is provided through the Sydney Accord, which was signed in 2001.

Signatories to the Sydney Accord have undertaken to make every reasonable effort to ensure that the bodies responsible for registering or licensing engineering technologists to practice in its country or territory mutually recognize the substantial academic equivalence of engineering academic programmes accredited by other Accord signatories.

ECSA was a founding signatory to the Sydney Accord and other signatories are under no formal obligation to recognize the graduates of accredited programmes prior to 2001. Individual Accord signatories recognize accredited programmes gained prior to 2002 at their own discretion.

Further details about the Sydney Accord and details of all current signatories with links to all accreditation listing information can be found at: www.ieagreements.org

- viii. The year of the next regular evaluation visit (next general review) is shown against programmes that are currently offered.
- ix. Where providers offer programmes at different sites, the programmes at every site are evaluated separately. In such cases, the site of delivery is shown against each programme.

CONTROLLED DISCLOSURE

When downloaded for the ECSA Document Management System, this document is uncontrolled and the responsibility rest with the user to ensure that it is in line with the authorized version on the website. If the "original" stamp in red does not appear on each page, this document is uncontrolled.

5. REVISION HISTORY

Revision Number	Revision Date	Revision Details	Approved By
Draft - 1.1	1 June 2010	Reformatting existing list into uniform format	TPAC
Revision - 2	06 Dec 2010	Updating of status of progs: DUT, VUT & TUT	TPAC
Revision - 3	29 April 2011	Corrections made to DUT BTech Civil (Indumiso Campus)	TPAC
Revision - 4	14 June 2011	Updating status of progs: UNISA & CUT	TPAC
Revision - 5	02 August 2011	Updating status of progs: DUT	TPAC
Revision - 6	30 Nov 2011	Updating status of progs: MUT, VUT, WSU, TUT, UJ, NMMU	TPAC
Revision - 7	23 May 2012	Updating status of VUT & UNISA	TPAC
Revision - 8	21 Nov 2012	Updating of status: CPUT, UJ, NMMU & WSU	TPAC
Revision - 9	29 April 2013	Updating of status: UNISA, UJ & VUT	TPAC
Revision - 10	01 August 2013	Updating of Status: CUT, MUT & TUT	TPAC
Revision - 11	29 Oct 2013	Updating of Status: CPUT	TPAC
Revision - 12	06 May 2014	Updating of Status: CUT, VUT	TPAC
Revision - 13	09 July 2014	Updating of Status: TUT	TPAC
Revision - 14	03 Nov 2014	Updating of Status: CPUT, UNISA, TUT	TPAC
Revision - 15	19 Oct 2015	Updating of Status: DUT, NMMU	TPAC
Revision - 16	24 May 2016	Updating of Status: WSU, NMMU, UNISA, VUT	TPAC
Revision - 17	25 Oct 2016	Updating of Status: UJ, CPUT & WSU	TPAC
Revision - 18	30 March 2017	Updating of Status: CPUT & WSU	TPAC
